

## Funding at Djanogly City Academy 2014/15

---

Approximately 48% of our pupil body were eligible for free school meals or eligible for pupil premium funding through ever 6.

We have and continue to develop a framework that supports early identification and provides targeted support where it is needed. We then monitor progress through the whole school tracking system, class tests and discussions with individual pupils.

Some of the interventions we ran included:

- Further qualification opportunities to support pupils in achieving 5 or more A\*-C grades at GCSE
- Small group and 1-2-1 tuition in both core and foundation subjects where it is identified that pupils need this form of support to rapidly improve their performance
- Saturday and holiday schools to support catch-up after absence or support progress
- Attendance and student welfare officer support to ensure pupils are in school and ready to learn
- Resource support to ensure pupils have the materials and equipment they need to allow them to access all aspects of the curriculum and perform to their best.
- Senior staff mentoring

A summary of the 2014/15 spend is below

Row Labels	Sum of Net Amount
